## ➡ Nylon Cable Tie Tensioning Tools

Part No. 0998

Part No. 0999

### Part No. 0998

The standard tool fits all standard duty ties. Metal construction has three tension settings and automatically trims excess.

### Part No. 0999

Use the "Twist Trim Tool", for standard duty ties. Low cost, durable construction. Tightens conventionally, then trims with a twist of the wrist. Also available in heavy-duty version.

## ➡ Beaded Ties

Releasable and reuseable ties for easy binding, closing, bagging, holding and tying. Available in two materials: polyethylene for high flexibility and moderate strength, and nylon for less flexibility and more strength with high resistance to temperature and chemicals.

Polyethylene ties are stocked in red and

available in natural, black, blue, and yellow. Nylon ties are stocked in natural and also available in black. Please specify colour when ordering.

An adhesive backed mounting platform (Part No. **MPBTA**) is also available. Moulded of natural nylon, it may also be screw mounted.
