CUP 250T		2-1/2

Minimum order 100.

Proper method for applying and removing suction cup

1. Clean the suction cup and the surface it is to be used on. **DO NOT USE A CLEANER CONTAINING SILICONE!**

2. Apply by curling back the edges of the suction cup and pressing in on the centre as you are releasing the edges.

3. To remove suction cup simply pull up on the "release tab".

All suction cups are crystal clear and feature "Release Tab" for easy removal.
