

Gripmaster Strain Reliefs

Provides reliable terminal protection for all types of cord-equipped appliances and instruments where space is limited and high volume production is required.

The Gripmaster has a fibre insulating material retained in a cold-rolled steel frame. When applied, it forms a compact, rugged ring that firmly grips the cord.

| Part No. | Approx. Wire Diameter (In) | Approx. Wire Diameter (mm) | A (In) | A (mm) | B (In) | B (mm) |
|---------------|----------------------------|----------------------------|--------|--------|--------|--------|
| GRIPMASTER-#1 | 0.250 | 6.35 | 0.187 | 4.75 | 0.343 | 8.71 |
| GRIPMASTER-#2 | 0.312 | 7.92 | 0.250 | 6.35 | 0.406 | 10.31 |
| GRIPMASTER-#3 | 0.187 | 4.75 | 0.125 | 3.18 | 0.281 | 7.14 |
| GRIPMASTER-#6 | 0.343 | 8.71 | 0.312 | 7.92 | 0.453 | 11.51 |

Minimum order 1000.

Gripmaster Hand Tool available (fits all sizes).
