

Value-Line Tree Clips

An economical alternative choice when you're looking for a branched tree-style clip. For use in drilled, punched or moulded threaded or non-threaded holes. Works with many materials including metal, wood, foam, rubber and plastic, in both solid and compressed forms. Push in/pull out forces may vary depending on variation in hole diameter.

Part No.	Hole Size		Panel Thickness		Prong Length		Prong Type	Head Diameter		Head Style
