

Major Supplier of Industrial Components for the following Sectors

CORDS CANADA

COUNTLESS POSSIBILITIES, MILLIONS OF SOLUTIONS

PRODUCT LINE CARD

Cords has served the industrial marketplace for 75 years. We supply quality products and superior customer service to all industries, small and large, across North America and beyond.

PRODUCTS

BALLS

A selection of both Solid and Hollow Balls in PP, HDPE, LDPE, Nylon, and Acrylic. Available in a range of colours.

BUSHINGS AND GROMMETS

Bushings convert raw-edged holes to smooth, neat, insulated ones. Grommets protect tubes, wires and cables from becoming frayed or cut by sharp panel edges.

CAPS, PLUGS, GLIDES AND PROTECTORS

A full selection of caps, plugs, glides and protectors for many types of applications. Available in a range of materials, styles and sizes.

CLAMPS AND CLIPS

Cords Canada's range of non-metallic Clamps and Clips to hold, fasten and support.

DISPLAY PRODUCTS

A collection of hinges, threaded posts & screw sets, screw covers and knobs.

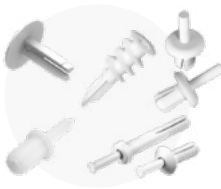

FEET AND BUMPERS

Feet and Bumpers in various styles, sizes and materials. Use them as spacers, feet, cushions, protectors, vibration and shock absorbers.

LIQUID TIGHT CONNECTORS, CONDUIT AND FITTINGS

A range of Heyco Liquid Tight connectors, conduit and fittings that are designed to work together for easy installation and to resist salt water, weak acids, gasoline, alcohol, oil, grease and common solvents.

PUSH-IN FASTENERS AND RIVETS

Non-metallic fasteners for plastics, sheet metal, insulation, etc. Use as glides, bumpers, or hole plugs. Includes plastic rivets, push-in plugs, screw-in and snap-latch fasteners.

SCREWS, NUTS AND BOLTS

Large selection of Molded Nylon screws, nuts, lock nuts, and bolts. Inch and Metric sizes, also threaded rod, dowel and wing nuts.

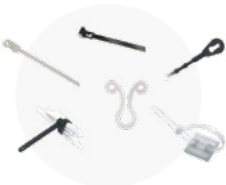

SPACERS AND SUPPORTS

Nylon spacers, standoffs and supports, in various cross sectional shapes and lengths. Frequently used in electrical and electronic applications.

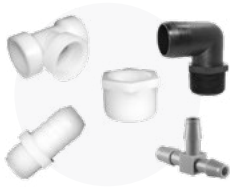

STRAIN RELIEFS

A range of strain reliefs for cable and wire retention, including: Straight-thru, Bell-Mouth, Pigtail, Right Angle and European styles.

TIES

The widest line of versatile self-locking nylon cable ties for standard and heavy duty, regular and mounting applications. ValueLine ties securely bundle cables, wires and hoses from 1/16" to 15" diameters.

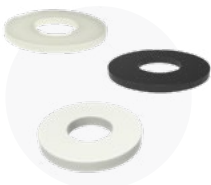

TUBE AND HOSE FITTINGS

Non-metallic selection of tubes & various styles of fittings. No corrosion, Lightweight, Can often be used with fluids that attack metals.

VINYL PARTS

Versatile vinyl parts designed for your application—offering more flexibility, durability, and impact resistance than rigid plastic closures.

WASHERS

Non-metallic washers in Nylon, PVC, Teflon, Acetal, Fibre, designed for a range of applications and environments.

WIRE MANAGEMENT

A selection of non-metallic products for organizing and managing wires and cables. Includes wire and cable holders, flat clamps, adhesive clips, and nylon ladder cable clamps.
